EDUCATION

RNS Institute of Technology - *School of Engineering and Technology* ***Bangalore, India***

B.E. in Information Science and Engineering (ISE) program *class of 2027*

- *Cumulative CGPA: 8.07 / 10 (Approx. GPA: 3.3 / 4.0)*
- *Academic Awards: Consistently ranked among the top performers with outstanding scores in Physics and Mathematics during the 2nd semester, maintaining First Class with Distinction throughout the program.*
- *Competitions: Contributed to a team project that won 1st place at Open House Competition and participated in coding contests and hackathons to build problem-solving and teamwork skills.*
- *Rotaract Member, Rotaract District 3191 - Contributed to community service initiatives.* *(2024)*

RNS Pre University College ***Bangalore, India***

Pre-University Education – PCME Stream (Physics, Chemistry, Mathematics, Electronics).

- *Graduated in 2023 | Scored 91% overall, with strong performance in Physics, Mathematics, and Electronics*
- *Secured 2nd place in a science and technology competition for building robots using core electronics principles*
- *Represented the institution at a state-level summit focused on educational innovation and digital transformation, attended by the Chief Minister of Karnataka* *(2022)*
- *Contributed to an immersive hands-on astronomy workshop focused on observational techniques and data-driven analysis, conducted in collaboration with IISc Bangalore and Ireland* *(Aug 2022)*

SKILLS AND INTERESTS

- **Technical Skills**: *Market analysis and freight rate dynamics; data analysis and visualization; econometrics (basic regression and time-series concepts); global macroeconomic research; Excel/Google Sheets modeling; Python for data analysis and AI/ML.*
- **Programming Skills**: P*roficient in C and Python; familiar with HTML/CSS, JavaScript, Java;*
- **Languages**: *Very fluent in English; intermediate proficiency in Hindi and Kannada*
- **Interests:** *global macro trading, behavioral finance, poker, Geopolitics and football.*

PROJECTS & RESEARCH

- **Dry Bulk Market Analysis (BDI & Iron Ore Demand) -** *Collected and analyzed Baltic Dry Index (BDI) data (2023–2026) using Excel, developing a demand index proxy to identify market cycles, volatility patterns, and the impact of demand on freight rate movements.*
- **Tonnage Availability & Freight Rate Dynamics (VLCC Market)** – *Studied the impact of vessel availability on tanker freight rates and developed a simple indicator to assess market tightness on the MEG–Asia route.*
- **Oil Demand & Tanker Freight Simulation Model** – *Modeled the relationship between oil prices, tanker demand, and freight rates using fleet utilization and scenario-based analysis.*(ericbloodaxe17.github.io/portf)

CERTIFICATION

- Yale University – **Financial Markets** (Robert Shiller)
- University of Illinois Urbana-Champaign – **Microeconomics Principles**
- Rice University – **Principles of Economics: Macroeconomics**
- ESSEC Business School – **Negotiation, Mediation and Conflict Resolution Specialization**
- CFI – **Economics for Capital Markets**
- University of Colorado Boulder – **International Supply Chain & Logistics**

LEADERSHIP & EXTRACURRICULAR EXPERIENCE

- **Head Boy – Higher Secondary School***: Represented peers in academic and cultural initiatives; coordinated events with faculty and administration.*
- **Captain – Football Team (Bengaluru FC & Sporthood, U13–U15):** *Led team in tournaments and trials; recognized for leadership and on-field performance.*

- **Delegate – State-Level Summit on Education & Digital Innovation:** R*epresented institution in discussions on technology and education reform.*
- **Class Representative (Grades 5–12):** *Consistently elected to lead and coordinate academic and project activities.*
